EXPERIENCE

Grupo BOGA, Paraguay (remote) — Mar 2024 – Present

Freelance Brand & Web Designer · Live: automotor.com.py · carmotor.com.py · empedril.com.py

- Sole designer: design, build and maintain four companies' websites, each brand consistent from identity to live site.
- Art-directed AI-generated imagery for the BOGA holding group, whose sectors couldn't be photographed in one budget, and shot Empedril's site on the company's own fields.
- Automotor: nine vehicle brands in one site, with a 21–page branch system across four cities that I still maintain.
- Learned Framer in 24 hours to launch Empedril on schedule after the developer left. The group has since added three more of its companies.

America Coffee Co. — 2024

Freelance Brand & Packaging Designer

- Sole designer of the rebrand, label system and production files for a U.S. coffee brand: 8 blends and 14 single origins, whole bean and ground (44 SKUs), later extended to pods and 5 lb bags with no new rules.

Malka Media, California — Apr 2023 – Jan 2024

Senior Designer

- As part of Malka's design team, designed campaign and broadcast assets across seven accounts at once, including Showtime Championship Boxing, The Stephen A. Smith Show and four podcasts.
- Built a template system for each pay-per-view fight (countdowns, fighter stats, live slates, result cards) with win and loss variants ready before fight night, including Spence Jr vs Crawford (July 2023).

ueno Bank (Grupo Vázquez), Paraguay — Jul 2021 – Feb 2023

Senior Designer · in-house team

- Designed the bank's launch: countdown campaign, event invitation and screens, and manifesto. Animated the logo from the brand's idea that it flows like water.
- Rolled the identity out to animated billboards in 18 sizes at 15 locations, Visa cards, ATMs and print.
